

Melbourne Region Volunteers Day

Saturday 14 May

Thirteen members of the Friends of Kurth Kiln group participated in the event. Most of the group joined in the walk at Grants Forest before lunch.

Joe Roberts

Before the delicious lunch Joe Roberts, from Parks Victoria, thanked the volunteers for all their work during the year and presented certificates to long service groups, some of them existing over thirty years.

After lunch two of the Friends of Kurth Kiln joined the guided walk at the National Rhododendron Gardens while the others went on the Puffing Billy Trip from Menzies Creek to Lakeside Station.

Puffing Billy puffed past beautiful countryside, tall trees and ferns. The children sat excited on the windowsill waving to the cars on the road crossings.

Bernice pointing out the way for the walk

Stopping and chatting on the walk

During the three-quarter-hour stop some walked around the lake while others looked at the model train museum.

We arrived back at Menzies Creek at 5pm.

The realistic and functional display at the museum

It was a most enjoyable day. The Friends of Kurth Kiln thank Bernice and Parks Victoria for the invitation to participate in the event.
