

Lyrebird Park's Mildura School Group visit Kurth Kiln Wednesday 28 February 2018

Warren and ChenLu Williams from the Lyrebird Park organised to bring their school group, who had come all the way from Mildura, to Kurth Kiln.

In the morning the 27 students had been divided into two groups. One group went canoeing on the dam at Gilwell Park while the other group went for a 'cross-country walk' in the bush. The groups changed over half way through the morning.

Lunch was at Kurth Kiln. ChenLu and her helpers brought a delicious lunch for all the students, teachers and helpers.

After lunch Alfred gave the students a short talk about the Kiln site, then the students were again divided into two groups. Alfred showed one group around the historic Kiln site while Ursula showed the others the ex

army huts. The students showed great interest in the history of the Kiln and the area.

One of the teachers having a short break.
