**8.00 am for 8.15 am to 10.30am**

**Wandin Public Hall Clegg Road, Wandin North**

Dear Ursula & Kurt Klink

The Rotary Club of Wandin has pleasure inviting you to attend this morning of National celebration and listen to our guest speaker

### John Funder AC

John Funder AC was born in Adelaide, with the family moving to Melbourne in 1946. After graduating in Arts and Medicine from Melbourne University he has worked for 50 years in medical research, retiring as Director of the Baker Institute in 2001. Over the past 15 years he has kept retirement at bay by writing, lecturing, teaching, sitting on Boards and Foundations, plus a series of part-time jobs and consultancies. He and his wife Valerie moved to a vineyard in Wandin East in 2013, and he is on record as saying that he intends to leave feet first when his time comes.

It seems inappropriate on Australia Day to talk about high blood pressure or obesity, which he knows a fair bit about. Instead, John will talk about Brexit, Trump, what they mean for Australia, and issues of 'the people' against 'the elites'. There are signs of similar trends in

France and Italy, and several Eastern European countries. Australia is different from France and Italy, and even from the US and UK, despite our common language. Whether we chart a similar course, at State or Commonwealth levels, is up to us.

Phone contact - John Sanders on 0433 174 298 or 97379425 with bookings

It was a lovely event, delicious breakfast, interesting talks and an opportunity to catch up with acquaintances.
