

# Gembrook Community Group Forum

Monday 30 April 2018

The Friends of Kurth Kiln were invited to the Gembrook Community Group Forum. The purpose of the Forum was to provide community groups the opportunity to share their groups priorities opportunities and challenges. To table their priorities for Gembrook and identify opportunities for partnership projects.

Joan Pepi

After Joan Pepi, chair for the Gembrook Community Group, welcomed the participants each group introduced itself before identifying their priorities. Everyone was asked to note what they feel is the greatest importance to Gembrook in the environment, Infrastructure (ie: Roads, Transport Community Facilities) Tourism, Emergency Management, Services etc.

During supper the participants had an opportunity to talk to each other while Joan deciphered the three most requested priorities for Gembrook, which were toilets, car parking and a 40km sign for the school.

The Friends of Kurth Kiln mentioned their concern

about dwindling numbers of participants at the Kurth Kiln Heritage Festival. They would like to have Kurth Kiln more promoted in the township. Joan said that the Gembrook Community Group would discuss this request and see if they can help.

The Friends of Kurth Kiln thank the Gembrook Community Group for their hospitality and the opportunity to raise our aim to create more promotion in the Gembrook Township.
