

Gembrook Market

28 January 2018

The Friends of Kurth Kiln were invited by the Gembrook Market Committee to participate in their January market. As it was close to Australia Day they wanted the theme to be on Heritage and asked if we could bring our anvil and forge facilities for the blacksmith to demonstrate the traditional art of blacksmithing. It was quite a hot day but a number of people enjoyed watching Fritz working at the anvil with the red-hot steel.
