Community Grants 2015/2015 9876/CG - Friends of Kurth Kiln  
Printing brochures, flyers and banner for Kurth Kiln Heritage Festival

Dear Rachael and Melbourne Water River Health

The Friends of Kurth Kiln sincerely thank you for Community Grants 2015/2015 9876/CG funding for printing brochures, flyers and banner for heritage festival. of our 2014-15 project.

We have designed a banner featuring the unique Kurth Kiln and the picturesque Tomahawk Creek. The kiln is of historic significance as at the time it was only charcoal kiln capable to operate continuously, and it is today one of the few charcoal kilns still in reasonable condition

The Tomahawk Creek is a magnet for visitors and many individuals looking for relaxation. Family groups and bushwalking groups enjoy a walk along the picturesque Tomahawk Creek Track. The plants beside the track also attract many people and groups interested in native flowers and orchids.

The unspoiled Tomahawk Creek is an asset to Kurth Kiln Regional Park and we thank Melbourne Water for their input to preserve its quality.

The banner is of the pull-up type, about 1m wide by 2m tall. It was produced by Pure Image Signs in Lilydale, the cost is \$275 The toners and paper for printing the flyers and brochures were purchased at OfficeWorks. (Receipts enclosed).

We look forward to displaying the banner at Kurth Kiln and other functions.

Again many thanks,

Alfred Klink  
Public Officer Friends of Kurth Kiln
