

Pakenham Secondary College Kurth Kiln visit

15 and 16 June 2015

Carolyn Chesnut, Outdoor Ed/PE/Science Teacher, Pakenham Secondary College, brought fourteen of her students to Kurth Kiln. They came on Monday 15 June and camped in the northern fenced-in picnic area. On Tuesday morning Alfred gave the students a talk about the Friends of Kurth Kiln activities, before they headed off on their walk.

The students were given a map and compass. Carolyn explained the walk route to the students and how to use their maps and compass. To find the way to the next stop Carolyn asked two students to lead the walk using their maps and compass. At each stop Carolyn rotated the students and the leaders became the whips.

The walk started off on Tomahawk Creek, continued on Shepherds Creek Road to Monkhouse Track and the Dam there.

Arriving at the Dam everyone was ready for lunch.

After lunch the students walked down Monks Track to the dam for a closer look, and then returned to Kurth Kiln via Possum and Manna Gum Tracks, Auckland Drive, the Klink's paddock and the Thornton Track.

Some students even cooked noodles for their lunch
