

Ramblers Walk at Kurth Kiln

Saturday 10 April 2016

Before starting off on their walk the group listen to Alfred relate some of the Kurth Kiln history and looked around the Kiln site.

The walk started off the Thornton Track, past the information panels, to the narrow path leading to Klink's paddock. Then all the way uphill to the driveway and to Beenak Road. On Beenak Road they walked to Ship Rock Falls where they stopped to admire the huge rock and walked down to the waterfall.

One walker found his ideal morning tea spot on top of a rock.

The walk continued to Monkhouse Track off Old Beenak Road. After looking at the dam they walked on Boundary Track to Shepherds Creek Road, where they crossed the bridge and found a collection of tree trunks, the perfect spot for lunch.

After lunch they circled up, related news and Paul delighted the walkers with a funny story about a Scot and blood transfusion. They returned to Kurth Kiln was on Shepherds Creek Road then via the Tomahawk Creek Track.
