

Seniors' Walk at Kurth Kiln

Monday 10 October 2016

For Monday the forecast was rain and even hail. Although a number of people had registered only two participants braved the weather.

After a quick cup of coffee the walk started off on Tomahawk Creek Track to Shepherd Creeks Road. From there they walked to Monkhouse Track and after looking at Monkhouse Dam returned to Kurth Kiln via Possum Track and Beenak Road. Luckily everyone had a raincoat and umbrella as at one stage the rain poured down. It stopped after a while and the sun shone again.

After the walk and looking around the kiln site, inside the huts and the displays, a nice warm cup of tea tasted delicious.
