

# Waverley Bushwalking Club Walk

Saturday 18 October 2014

After a group photo in front of the kiln the seventeen walkers went on Cramers Track, then along the track beside the Gembrook Launching Place Road, Gilwell, Lyrebird and Clarkes Creek tracks to Gilwell Park.

On Forest Track they walked to the Dam and on a narrow path crossing a wobbly bridge they reached their morning tea location, 'Hoadleys Open Chapel'. The group then walked down Sommer's Track, looked at the 'Lady of the Scouts Catholic Chapel' and watched the water bottle bombing at the Scout

Camp Fire Circle before looking at the Chapel in the De Molnar Training Ground. As it was the 'Jamboree On The Air' weekend at Gilwell many scout groups were seen having activities at Gilwell Park.

Continuing on Clarkes Creek Track, Gilwell Track and Shepherds Creek Road with its majestic Manna Gums, the group stopped at Tomahawk Creek Track for lunch.

On Monkhouse Track they enjoyed the reflections on the dam. On Beenak Road they went to Ship Rock Falls. After viewing the water fall and taking photos they returned back

to Kurth Kiln via the Klink's property. There they had afternoon tea. Returning along the Thornton Track many paused to read the Interpretation panels. It was a lovely 22 km walk.
